A PERSONAL APPROACH

OUR PEOPLE MAKE THE DIFFERENCE

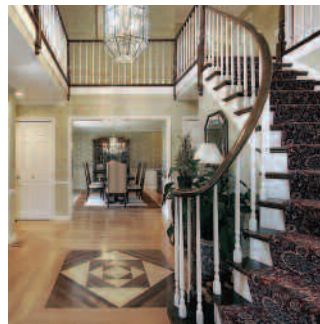

PERKINS SLADE

Perkins Slade specialises in providing bespoke insurance designed around your lifestyle.

No two customers are the same and our approach to protecting your home, car and possessions recognises your individuality. We offer a personal and completely confidential service. We'll meet with you to build a detailed risk profile and customise our service and your insurance to suit you.

We have extensive experience in arranging tailored policies at competitive premiums. Our people are highly skilled and provide a dedicated, expert service, underpinned by a comprehensive understanding of your needs.

We work with established insurers to provide flexible solutions and complete protection for your home, car and other valued possessions. Our strong insurer relationships enable us to deliver cover with the versatility to adapt with your lifestyle.

HIGH VALUE HOME INSURANCE

If your valuable possessions are many and varied, the task of maintaining accurate inventories can be complex and time-consuming. If you make a mistake you could also run the risk of being underinsured.

We can help. Your dedicated Client Relationship Manager will work closely with you to build your customised policy, without restrictive security conditions, based on an accurate, individual property appraisal. We have established relationships with specialists including valuers, restorers and security consultants, giving you the benefit of expert advice and access to high quality, professional services.

With experience spanning 40 years, we have built robust relationships with leading insurers. Typically, the policies we arrange have superior features with increased limits and are free from restrictive conditions. Our customers benefit from wide ranging protection for contents, including fine art, antiques, collectables and jewellery, both at home and abroad.

We're there when you need us most. Your Client Relationship Manager and dedicated claims team are there to answer your questions, keep you informed and, most importantly, ensure any claims are settled quickly, fairly and effectively.

PRIVATE CLIENTS

HIGH VALUE MOTOR INSURANCE

With an increasing number of new companies and websites offering motor insurance, it can be difficult to find one that can provide the right mix of expert advice and competitive premiums.

Perkins Slade has relationships with leading insurers who specialise in insuring high performance and collectors' cars.

Typically, we arrange cover with enhanced features that you won't find with ordinary car insurance. These include:

- Fully comprehensive cover, no matter what car you or a named family member drive
- Agreed value from the outset, the exact sum you will be paid if your car is a total loss
- A similar courtesy car provided in the event of an accident or if your car is stolen
- Repairs by the garage of your choice and a three year guarantee on repairs by an approved garage
- Loss of driving licence cover
- Unlimited number of foreign visits, up to 90 days per trip

If you need to make a claim, you'll have access to a 24/7 helpline for notification and advice and your dedicated claims handler will guide you through the process up to and including settlement.

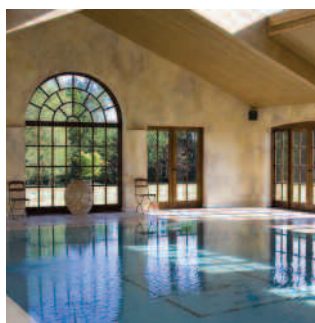

PRIVATE MEDICAL INSURANCE

Private Medical Insurance enables you to bypass NHS waiting lists, allowing you to get treatment promptly and privately, with any operation usually being performed at your convenience by a surgeon and at a hospital of your choice.

Costs are covered for private medical specialists and consultants, x-rays, medicine, surgery, accommodation and nursing for a range of curable, short-term illnesses and injuries.

It can be difficult to choose from the growing number of insurers and other companies advertising health insurance schemes. We'll use our experience and expertise to search the market to ensure you get the right cover for your needs.

Cash plans, tailored to meet your requirements, can also be arranged to provide a financial benefit for dental, optical, holistic and physiotherapy treatments.

PORTFOLIO INSURANCE

A portfolio arrangement offers the convenience of managing all aspects of your insurance through one point of contact. Perkins Slade has access to the widest range of insurers and policies with the flexibility to accommodate the diverse lifestyles of our customers, whilst providing comprehensive and high quality cover.

In addition to home and motor insurance, your portfolio can include a variety of different types of insurance, including:

Travel insurance - single trip and annual multi-trip policies offering wide cover and enhanced benefits. We can also provide specialist insurance for sport and activity holidays, with online quotations and purchase through our website at www.perkins-slade.com

Equestrian insurance - we offer a range of specialist equestrian insurance products for any horse and any activity – competitive or non competitive. From veterinary fees to loss of use insurance, all risks of mortality or theft, whatever options you choose, we can offer a tailored policy to suit your requirements.

High value yacht insurance - we have access to a variety of policies specialising in cover for high value boats and yachts. A bespoke policy wording will be tailored to your use and cruising requirements.

Events insurance - we'll arrange event insurance for special occasions, including weddings, family and personal events, against cancellation or abandonment, property damage and legal liability. Additional options include cover against adverse weather, non appearance of attendees or DJ and increased limits for property, public liability and terrorism.
